

Patient experience survey

What is the survey about?

We would like to know more about your experience of using the London Ambulance Service.

Who should complete the survey?

The questions should be answered by the patient. If the patient needs help to answer the questions, the answers should still be given from the patient's point of view, not the point of view of the person who is helping.

Completing the survey

For each question please tick clearly inside one box unless stated otherwise.

Don't worry if you make a mistake; simply cross out the mistake and put a tick in the correct box.
